

What is Careers and Enterprise General?

The Career and Enterprise General course engages students in learning about developing their career in a constantly changing digital and globalised world.

The Career and Enterprise General course aims to provide students with the knowledge, skills and understanding to enable them to be enterprising and to proactively manage their own careers. The course reflects the importance of career development knowledge, understanding and skills in securing, creating and sustaining work.

How will Careers and Enterprise General help me in the future?

Students will increase their knowledge of work and career choices and identify a network of people and organisations that can help with school to work transitions. They will also explore the attributes and skills necessary for employment and have the opportunity to identify their personal strengths and interests and the impact of these on career development opportunities and decisions.

What content will I study in Year 11 and Year 12?

Year 11	
<p>Careers and Enterprise General Unit 1 <i>This unit enables students to increase their knowledge of work and career choices and identify a network of people and organisations that can help with school to work transitions.</i></p>	<p>Careers and Enterprise General Unit 2 <i>This unit explores the attributes and skills necessary for employment and provides students with the opportunity to identify their personal strengths and interests and the impact of these on career development opportunities and decisions.</i></p>
Year 12	
<p>Careers and Enterprise General Unit 3: <i>This unit is about adopting a proactive approach to securing and maintaining work and it involves self-management, using work search tools and techniques, developing career competencies, and accessing learning opportunities</i></p>	<p>Careers and Enterprise General Unit 4: <i>This unit explores issues associated with career management, workplaces and influences and trends in times of change. Change can be analysed and the information used to inform strategies associated with self-management, career building and personal and professional learning experience</i></p>
