

What is English Foundation?

Please note that students must be at OLN Level 1 in Reading / Writing to enrol in this course.

English Foundation provides support for the development of functional literacy skills essential for students to meet the WACE standard of literacy.

How will English Foundation help me in the future?

The English Foundation course aims to develop students' skills in reading, writing, viewing, speaking and listening in work, learning, community and everyday personal contexts. Such development involves an improvement in English literacy where literacy is defined broadly to include reading ability, verbal or spoken literacy, the literacy involved in writing, and visual literacy. Students undertaking this course will develop skills in the use of functional language conventions, including spelling, punctuation and grammar. Sound literacy skills are required for comprehending and producing texts; for communicating effectively in a learning or working environment, within a community or for self-reflection; and for establishing one's sense of individual worth.

What content will I study in Year 11 and Year 12?

Year 11	
<p>English Foundation Unit 1</p> <p><i>By the end of this unit, students will develop skills in functional literacy, including appropriate spelling, punctuation and grammar.
